Graphing Calculator: [TI-84](#) or equivalent (**required**)

Please note:

- There are two versions of Algebra 1, Third Edition from Bob Jones University. Both are acceptable for this course. Please purchase one of the ISBNs listed above to ensure your student has a 3rd edition.
- A graphing calculator is required for this course. Students will use it as a supplemental tool to study the effects of slope, intercepts, exponents, and leading coefficients on graphs.
- Students planning on taking AP[®] Calculus or higher level math courses will be better prepared for those future courses by choosing a handheld calculator such as the TI-84. Otherwise, free, online "emulator" calculators such as <https://wabbit.codeplex.com/> are acceptable, if the student will have reliable Internet access while doing math work.
- Books and materials requirements are subject to change at the discretion of the instructors.

You can order course materials for competitive prices through our HSLDA Online Academy bookstore. Use the [Textbook Finder](#) to locate the required resources for your courses. Please note that while most books are available through the bookstore, some titles are not carried and will need to be purchased elsewhere.
