Graphing Calculator: **TI-84 or equivalent (required)**

Printer access (required)

---

**Please note:**

- *Visit BJU's website [here](https://www.bju.com) to view sample pages of the Algebra 2 textbook.*
- A graphing calculator is required for this course. Students will use it as a supplemental tool to study the effects of slope, intercepts, exponents, and leading coefficients on graphs.
- Students planning on taking AP® Calculus or higher level math courses will be better prepared for those future courses by choosing a handheld calculator such as the TI-84. Otherwise, free, online "emulator" calculators such as [https://wabbit.codeplex.com/](https://wabbit.codeplex.com/) are acceptable, if the student will have reliable Internet access while doing math work.
- Books and materials requirements are subject to change at the discretion of the instructors.

You can order course materials for competitive prices through our HSLDA Online Academy bookstore. Use the [Textbook Finder](https://www.hslda.org/academy/textbooks) to locate the required resources for your courses. Please note that while most books are available through the bookstore, some titles are not carried and will need to be purchased elsewhere.

**For more information**

If you would like to find out more information about ordering books for your courses, please contact us at **540-338-8290 (Monday–Friday; 9:00 a.m. – 4:00 p.m. EST)** or send an email to academy@hslda.org.
